

Print this document at true A4 size. The numbers on the above guide correspond to centimetres, so to make sure this has printed to scale, use a ruler to double check.

Cut around the outline of the bracelet guide and wrap it around your wrist to reflect how you would like the bracelet to fit. It is a good idea to allow some space for comfort, but not so much that it drops over your hand.

If you have any questions about sizing, you can always reach out to us at [online@giulians.com.au](mailto:online@giulians.com.au).
